Create New Project

1. Go to PROJECTS – NEW PROJECT.
2. Enter Project Name.
3. Select Source (only one) and Target language (one or more).
4. Choose Source File.
5. Click on Create Project.

The screenshot shows the 'New Project' page in the Rian application. The interface includes a dark sidebar on the left with navigation options: QUICK TRANSLATE, PROJECTS, NEW PROJECT (highlighted with a red dashed box and circled 1), ALL PROJECTS, JOBS, PREFERENCES, EARN CREDITS, and BUY CREDITS. The main content area is titled 'New Project' and contains the following elements:

- Project Name***: A text input field containing 'Test', highlighted with a red dashed box and circled 2.
- Source Language***: A dropdown menu showing 'Japanese', highlighted with a red dashed box and circled 3.
- Target Language***: A dropdown menu showing 'English', highlighted with a red dashed box and circled 4.
- Project Details**: A section with expandable options: Translated File Font, MT Engine, and Source Files.
- Drop/Select Source File(s)**: A section with a '+ Choose Files' button (circled 1), a 'Remove All' button, and a 'File Count: 1' indicator.
- File List Table**: A table with columns: Name, Target Language, Size, Progress, Status, and Action. It contains one row for 'Word demo file.docx' (Name highlighted with a red dashed box and circled 5), which is set to 'English' (Target Language), '415.987 KB' (Size), and has empty 'Progress' and 'Status' fields. The 'Action' column contains edit and delete icons.
- Max upload file size: 100MB**: A note at the bottom left of the file list section.
- List of Allowed File Formats**: A link at the bottom right of the file list section.
- Glossary Files**: A section with a '+ Glossary Files' button.
- Create Project**: A button at the bottom left, highlighted with a red dashed box and circled 6.
- Go to File List**: A button next to the 'Create Project' button.
- 1,500 credits remaining**: A status indicator at the bottom left of the sidebar.

* Indicates Mandatory Fields

File Details

- Project created successfully.
- You will directly go to the list of files in the created project.
- Click on the file name to be translated.

The screenshot shows the Rian web application interface. On the left is a dark sidebar with navigation options: QUICK TRANSLATE, PROJECTS (expanded), NEW PROJECT, ALL PROJECTS, and JOBS. The main content area has a breadcrumb 'Projects / Test' and a top navigation bar with tabs: Source Files (active), Glossary, Memory, Tools, QA, Assigned Jobs, and Edit Project. Below the tabs are buttons: Add File(s), Assign File(s), Download File(s), and Export to Excel. On the right, there's a 'Current File(s)' toggle and an 'Archive' button. The main table lists project files with columns: File Name (Selected 0 of 1), Target Language, Total Chars/Words, Due Date (AKST), Repetitions (%), Progress (%), Job Members, and Actions. The first row shows a file named 'Word demo file.docx' with a Word icon, target language 'English', 905 characters/words, and 188 (20%) repetitions. A red dashed box highlights the file name, and a red arrow points to it with the word 'Click' below.

File Name (Selected 0 of 1)	Target Language	Total Chars/Words	Due Date (AKST)	Repetitions (%)	Progress (%)	Job Members	Actions
Word demo file.docx	English	905		188 (20%)	0		  

Click

Start Translation

- Click on the file name.
- Editor gets opened.
- Write your translation in target column.
- Go to File – Get File.
- Translated file gets downloaded.

Projects / Test / Word demo file.docx
